

Course Identification Numbering System (C-ID)**RECRUITMENT:****CORE:**

The following disciplines urgently need additional CSU reviewers to review the indicated descriptors:

Anthropology: 110, 115L, 120, 130

Art History: All descriptors.

Biology: All anatomy and/or physiology descriptors (110B, 115S, 120B).

Economics: 201, 202

FTVE: All descriptors.

History: 130, 140, 150, 160

Math: 120, 130, 150, 151, 155, 160, 855, 955.

Political Science: All descriptors.

Spanish: All descriptors.

Studio Arts: All descriptors.

Theater: 114

In addition, we need CCC reviewers for both FTVE and theatre.

Please email

krystinne@asccc.org if you have CCC/CSU faculty recommendations, or are interested in serving!

DISCIPLINE STATUS REPORT:

The Biology FDRG has completed its work on the Biology TMC and all associated descriptors have been finalized. The TMC is now posted on the C-ID website, under the "TMC" tab. We anticipate the CCCCO template will be available in February 2015.

ANNOUNCEMENTS:**C-ID Technology and New Support Email:**

Thank you for your patience during the C-ID website maintenance blackout as we migrated to our new database platform. This was the crucial first step C-ID needed to take to begin the necessary fixes and updates to our system. We will alert the community at large as we make progress on the technology. Presently, E-Mail notifications to all users may not be functional. This is amongst the 1st issues that we hope will be addressed within the next few weeks. Once all critical functions are working properly we will be able to focus our attention on making improvements for the future.

We have also created a new email specific for technology related issues and appeals of review determinations: support@c-id.net. Please save this new email and send technology issues or appeal requests to this address.

AOE DIG Updates:

Two DIGs (north and south locations) were held in October to consider the creation of "Area of Emphasis" (AOE) TMCs in "Diversity Studies" and "International Relations/Global Studies". The faculty in attendance were tasked with determining whether or not an interdisciplinary TMC could be developed that would appropriately prepare students for a variety of majors at the CSU. Significant progress was made and the FDRG members for each group will be appointed shortly. Faculty interested in receiving regular updates from C-ID should sign up for their discipline listserv here: <https://c-id.net/listserv.html>.

5-Year Descriptor Review:

The disciplines of Communication Studies, Psychology, and Sociology are currently undergoing their 5-year descriptor review. We are now seeking input from discipline faculty and other interested parties for any suggestions or modifications to the descriptors. Please follow the link below to provide feedback on the disciplines by **December 1**:

Communication Studies: https://www.surveymonkey.com/s/COMM_5-Year_General_Comments

Psychology: https://www.surveymonkey.com/s/PSY_5-Year_General_Comments

Sociology: https://www.surveymonkey.com/s/SOCI_5-Year_General_Comments

The discipline FDRG will make the final determination based on the comments and feedback from the field on what changes, if any, should be made. For more information on the 5-year process, please visit the [Policies](#) page on C-ID. As detailed in the adopted policy, if any of the descriptors under review are to be modified, this will be determined prior to the end of the current term. If course outlines will need to be resubmitted, this will be determined prior to the end of the current academic year and colleges will have all of the following academic year to resubmit.

AO Open Forum:

Over 40 AOs participated in the last Open Forum! Topics discussed included reciprocity, review backlog, template release dates, technology improvements for C-ID, and C-ID's role in ADTs. Please plan to join the next conversation on **Wednesday, December 3, 10:15AM – 12:00PM**. If there are agenda items you would like to propose for the upcoming call, please email krystinne@asccc.org with the item(s) by Monday, November 24, 12:00 PM. The agenda will be sent out on the CIAC listserv on Wed, November 26.

ASCCC FALL PLENARY UPDATE

The ASCCC Fall Plenary was held November 13-15. Several resolutions that were adopted may be of interest to the AO community. The resolutions considered by the delegates are available at: <http://www.asccc.org/events/2014/11/2014-fall-plenary-session> and the resolutions as adopted will be posted shortly. Most notably, one resolution calls for the establishment of a process for seeking an exception to the degree-creation mandate of SB 440 so that colleges that have been operating in good faith are not forced to discontinue an existing degree due to an inability to develop an ADT. Another seeks to formalize degrees based on model curricula so as to ensure students who complete degrees aligned with model curricula can enjoy the same reciprocity benefits available with ADTs. We look forward to sharing more about these resolutions as progress is made.
